## SKILLS

Curiosity and Analytical Thinking

Attention to Detail

Creativity

Tolerance for Uncertainty

Self-Discipline

Abstraction Capacity

Teamwork

Continuous Learning

## LANGUAGES

Ingles

Español

Portugués

## HOBBIES

- Statistics
- Data visualization
- Python Programming
- Machine learning

## PROFILE

I am a Junior Data Analytics with hands-on experience in key tools such as SQL, PostgreSQL, ETL, DeepNote, AWS, Power BI, Tableau, and Git. Although I don't have formal work experience yet, I have developed solid skills in:

Automation: Creating ETL processes and data pipelines with DeepNote, Google Cloud, Jupyter Notebook, and VS Code. Cloud Computing: Version Control: Managing projects with Git and the console for effective collaborative work. Commitment and continuous learning: Focus on results, adaptability, and constant improvement in every challenge.

## EDUCATION

### Python for Data Science

Plazti Web SSO

### PostgreSQL

Plazti Web SSO

### Mathematics for Data Science:

#### Descriptive Statistics

Plazti Web SSO

### ETL and Data Ingestion with Python

Plazti Web SSO

### Databases with SQL

Plazti Web SSO

## EMPLOYMENT

No Experience, But **Learning at 64 bits**

I consent to the processing of my personal data for the purpose of recruitment for the position to which I am applying.
